Christa Tischer

I am an active member of ENDA since 1992 and have held the position of Treasurer for a number of years. Although my term of office runs until 2011, I agree with the Board's recommendation that the post of Treasurer should be put up for election together with the other vacant posts in order to avoid having to canvass the members again in a couple of years.

My interests are the promotion of high leadership standards for Nurse Directors and the endorsement of the aims of ENDA Europe-wide. Also, my job as treasurer gives me great pleasure and satisfaction because I know how important it is to manage our funds prudently and to raise money for our organisation I, therefore, will run for this post again in the upcoming election.
